SILICONE SEALANTS - ACETIC CURED

SL-520

100% RTV ACETIC SILICONE SEALANT
Suitable for Aquarium, Glass to Glass

High Performance
Industrial Grade

Superior Adhesion

Features:

- Single Component
- Acetic Curing System
- Durability and Reliability
- Permanently Flexible
- Excellent Durability
- Resistant to UV-Radiation
- Resistant to Vibration
- Resistant to Weathering
- No Sagging
- Primerless Adhesion to Most Materials

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-520	300ml	-	24pcs
F-SIL-520/SAU	600ml	-	20pcs

SL-540

GENERAL PURPOSE SILICONE SEALANT
Suitable for General Glazing

Cost Effective

Low Shrinkage

Features:

- Single Component
- Acetic Acid Curing System
- Durability and Reliability
- Permanently Flexible
- Resistant to UV-Radiation
- Resistant to Vibration
- Resistant to Weathering
- No Sagging
- Primerless Adhesion to Most Materials

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-540	300ml	-	24pcs
F-SIL-540/SAU	600ml	-	20pcs

SL-545

UNIVERSAL ACETOXY SILICONE SEALANT
Suitable for General Glazing

Indoor use

Superior Adhesion

Features:

- Single Component
- Acetoxy Curing System
- Durability and Reliability
- Permanently Flexible
- Resistant to Vibration
- No Sagging
- Primerless Adhesion to Most Materials

* Available in Anti-fungus (upon request)

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-545	280ml	-	30pcs
ANTI-F-SIL-545	280ml	-	24pcs

SILICONE SEALANTS - NEUTRAL CURED

Malaysia SIRIM CERTIFIED

SL-710

100% RTV NEUTRAL SILICONE SEALANT
Suitable for Glass to Metal and Polycarbonate

High Performance
Industrial Grade

Superior Adhesion

Features:

- Single Component
- Neutral Curing System
- Non Corrosive to Metals
- Permanently Flexible
- Excellent Durability
- Resistant to UV-Radiation
- Resistant to Vibration
- Resistant to Weathering
- No Sagging
- Primerless Adhesion to Most Materials

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-710	300ml	-	24pcs
F-SIL-710/SAU	600ml	-	20pcs

SL-712

LOW MODULUS NEUTRAL SILICONE SEALANT

Suitable for Aluminium Composite Panel and Facade, Perimeter Joint

Low Modulus

Construction Grade

Features:

- Single Component
- Neutral Curing System
- Excellent Durability
- Permanently Flexible
- Resistant to UV-Radiation
- Resistant to Vibration
- Resistant to Weathering
- Indoor & Outdoor Use

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-712/SAU	600ml	-	20pcs

SL-713

NEUTRAL MULTI-PURPOSE SILICONE SEALANT

Suitable for General Glazing, Sealing Gaps

Cost Effective

Low Shrinkage

Features:

- Single Component
- Non Corrosive to Metals
- Outstanding Durability
- One Part No Mixing
- Permanently Flexible
- Excellent Durability
- No Sagging
- Primerless Adhesion to Most Materials

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-713	300ml	-	24pcs
F-SIL-713/SAU	600ml	-	20pcs

SL-715

SANITARY GRADE NEUTRAL SEALANT
Suitable for Wet Area and Bathroom

Anti Fungus

Superior Adhesion

Features:

- Single Component
- Good Water Resistant
- Neutral Curing System
- Non Corrosive to Metals
- Permanently Flexible
- Excellent Durability
- Resistant to UV-Radiation
- Resistant to Weathering
- No Shrinkage
- Primerless Adhesion to Most Materials

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-715	300ml	-	24pcs
F-SIL-715/SAU	600ml	-	20pcs

NEUTRAL SEALANT / ACRYLIC SEALANT / OIL BASED SEALANT

SL-900

MULTI-PURPOSE GAP FILLER
Suitable for Door & Window Frame

Environmental Friendly

Paintable

Features:

- Single Component
- Flexible
- Economical Sealant
- Can Be Cleaned Up with Water
- Good Weatherability
- UV Stability
- Primerless Adhesion to Most Materials

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-900	480gm	-	24pcs
F-SIL-900/SAU	600ml	-	20pcs

SL-907

UNIVERSAL ACRYLIC GAP SEALANT
Suitable for Sealing of Gaps and Cures to a Flexible Joint

Economical Grade

Features:

- Paintable
- Permanently Elastic
- Good Weatherability
- Good Adhesion
- Indoor Use

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-907	280ml	-	30pcs

SL-930

AWNING & ROOFING SEALANT
Suitable for General Sealing & Metal Roofing

Weatherproof

Low Shrinkage

Features:

- Re-Skinning
- Outstanding Durability
- No Sagging & Good Slump Resistant
- Primerless Adhesion to Most Materials

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-930	400ml	-	24pcs
F-SIL-930/SAU	600ml	-	20pcs

MASTIC SEALANT / CONSTRUCTION ADHESIVE
/ MS POLYMER SEALANT

SL-940

COLD ROOM MASTIC SEALANT
Suitable Construc Cold Room Systems

- Prefabricated Construction
- PU Foam Panel

- Features:
- Permanently Non-Skinning
 - Low Shrinkage
 - Moisture Resistance
 - Superior Adhesion

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-940	300ml	-	24pcs
F-SIL-940/SAU	600ml	-	20pcs

SL-980 Super Nails

CONSTRUCTION ADHESIVE SEALANT
Suitable for Variety Construction Material

- No Nails Required
- Instant Bonding

- Features:
- Styrene Safe
 - High Strength Bonding
 - Water Resistant
 - Excellent Adhesion
 - Attaching Mirror Backed Tiles
 - Fast & Easy Installation
 - Interior & Exterior Use

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-980	320gm	-	24pcs

SL-919 Power Lock

INSTANT FIX MS POLYMER ADHESIVE
High Tack - Instant Grip

- Immediate Grip Up to 4KG without Support

- Features:
- Heavy Duty
 - Non Slip
 - Solvent & Isocyanate Free
 - Low Shrinkage & Odorless
 - Excellent Adhesion
 - Good UV & Weather Resistant
 - Temperature Resistant from -40°C TO +100°C
 - Interior & Exterior Use

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-919	290ml	-	12pcs

HYBRID MS POLYMER SEALANT

*Terms & Conditions Apply

SL-912

HYBRID LOW MODULUS POLYMER SEALANT
Suitable for Sealing ACP and Building Joint

- Low Modulus

- Features:
- Paintable After Cured
 - Permanently Flexible
 - Stain-Free (Non-Bleeding)
 - Free of Isocyanate & Solvent
 - Can be Applied on Moist Surface
 - Primerless Adhesion on Most Substrates
 - Excellent UV Resistant
 - Outstanding Durability
 - Indoor & Outdoor Use

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-912/SAU	600ml	-	20pcs

Aluminium Composite Panel Facade

Building Joints

SL-913

HYBRID POLYMER SEALANT
Suitable for Sealing Medium or Large Gaps

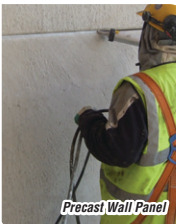

- Non Bleeding Sealant

- Features:
- Paintable After Cured
 - Permanently Flexible
 - Stain-Free (Non-Bleeding)
 - Non Cracking & Shrinkage
 - Outstanding Durability
 - Can be Applied on Moist Surface
 - Primerless Adhesion on Most Substrates
 - Indoor & Outdoor Use

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-913/SAU	600ml	-	20pcs

Perimeter Joints

Precast Wall Panel

SL-914

HYBRID HIGH MODULUS MODIFIED PU SEALANT
Suitable for Construction and Automotive Industry

- High Modulus
- Paintable After Cured

- Features:
- High Shore A Hardness
 - Non Shrinkage
 - Stain-Free (Non-Bleeding)
 - Excellent Bonding Strength
 - Can be Applied on Moist Surface
 - Primerless Adhesion on Most Substrates
 - Permanently Flexible
 - Outstanding Durability
 - Indoor & Outdoor Use

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-914	290ml	-	24pcs
F-SIL-914/SAU	600ml	-	20pcs

Bus & Coach Builder

Trunk Seam Sealer

AUTOMOTIVE AFTERMARKET PRODUCTS

SL-340

GASKET SHELLAC
Seal and Repair Paper, Metal & Rubber Gasket

- Features:
- Fast Reaction Time
 - Seals and Prevents Leakage
 - Resists Automotive Fluids

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL340/59	59ml	12pcs	144pcs

SL-342

SILICONE FLUID
Superior Protective Film Between Moving Part

- Features:
- Dampen Vibration In Gauges, Instruments, And Meters
 - Protect Internal Components Against Vibration, Freezing And Corrosion

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL342	18ml	20pcs	240pcs

SL-40

PENETRATING OIL 360° ALL ANGLE SPRAYING
Anti-rust & Lubrication Spray

- Features:
- Displaces Moisture
 - Cleans and Protects
 - Loosens Rusted Parts
 - Penetrates and Lubricates
 - Stops Squeaks
 - Anti-Rust Protection

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL40/200	200ml	12pcs	48pcs
F-SIL-SL40/400	400ml	-	12pcs

SL-50

CARB & CHOKE / FUEL INJECTOR CLEANER
Automotive Parts Cleaning

- Features:
- Cleans Carburetor Linkage
 - Removes Dirt, Vanish & Gum
 - Improves Engine Performance
 - Non-corrosive & Oxygen Sensor Safe
 - For Fuel Injector Throttle Body, PCV Valve, ERG Valve, Air Intake, Heat Riser & others

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL50/200	200ml	12pcs	48pcs
F-SIL-SL50/400	400ml	-	12pcs

ADHESIVE PRODUCTS

SL-100

PVC PIPE ADHESIVE

Suitable for All kind of PVC Pipe

It is a clear and low viscosity premium grade solvent based adhesive for all types of PVC bonding applications.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL100/100	100gm	-	60pcs
F-SIL-SL100/500	500gm	-	24pcs

SL-128

CONTACT ADHESIVE

Suitable for Formica & Furniture Work

It is a multi-purpose solvent based chloroprene contact adhesive that is easy to apply and offers extra bonding strength.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL128/750	750ml	-	12pcs

SUPER GLUE

BOND MOST MATERIAL

Super Glue is an cyanoacrylate adhesive that set within second to form a strong bond on most of the surfaces. It works well on both porous and non-porous materials.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SG/12/3	12x3gm	-	24pcs
F-SIL-SG/3	3gm	12pcs	144pcs

EPOXY ADHESIVE / THREADLOCKER / WINDSCREEN SEALANT

SL-300

PROFESSIONAL WINDSCREEN SEALANT

Suitable for Vehicle Windscreen Applications

Butyl Tape is a black, non-hardening synthetic rubber based. It is a sticky ribbon type auto glass and backlites. SL-300 offers a fast and clean method for installing the glass instantly with superior adhesion. The sealer has excellent compressibility in both low / high temperatures.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL300/95S	9.5mm x 9.5mm x 4.75m	-	24pcs
F-SIL-SL300/79S	7.9mm x 7.9mm x 4.75m	-	24pcs
F-SIL-SL300/95R	9.50x4.75m	-	24pcs
F-SIL-SL300/79R	7.90x4.75m	-	24pcs

SL-332

EPOXY ADHESIVE

Multi-purpose Epoxy Putty

Features:

- Easy to Use
- Can be Painted Over
- Easily Mixed by Hand
- Non Shrinkage
- Under Water Repair
- Drilled, Filled & Sanded

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-EPOPUTTY+/50	2x25gm	12pcs	144pcs
F-SIL-EPOPUTTY+/100	2x25gm	12pcs	144pcs

4 MINS STEEL EPOXY

EPOXY ADHESIVE

Fast Set Steel Filler Gray Epoxy

Features:

- One to One Mixing Ratio
- Easy to Use
- No Shrinkage
- Fast Setting Within 4 Minutes
- Strong Bonding Strength
- Can Be Sanded, Filled, Drilled, Tapped or Threaded When Hardened
- Resistant to Water, Solvent, Acid & Alkaline

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-ADH/AMS	2x17ml	12pcs	144pcs

4 MINS CLEAR EPOXY

EPOXY ADHESIVE

Fast Set Clear Epoxy

Features:

- One to One Mixing Ratio
- Easy to Use
- No Shrinkage
- Fast Setting Within 4 Minutes
- Strong Bonding Strength
- Steam and Heat Resistant to 150°C.
- Resistant to Water, Solvent, Acid & Alkaline

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-ADH/4MC	2x17ml	12pcs	144pcs

3243

THREADLOCKER

Medium Strength (Blue)

Allows Disassembly (gear box, waterpumps and threaded fasteners on covers)

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-3243/10	10ml	12pcs	144pcs
F-SIL-3243/50	50ml	12pcs	48pcs

3262

THREADLOCKER

High Strength (Red)

Heavy duty & permanent locking (transmission shaft, shock absorber bolts and mounting bolts)

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-3262/10	10ml	12pcs	144pcs
F-SIL-S262/50	50ml	12pcs	48pcs

HI TEMP RTV GASKET MAKER

CARBON GREY RTV
ULTRA HI-PERFORMANCE RTV SILICONE GASKET MAKER

It is specially formulated one part silicone compound that cures to form a “formed-in-place” rubber seal for mechanical assemblies. It offers excellent toughness, heat resistant and able to sustain thermal cycling without shrinking or cracking.

- Features:
- Fast Cure and Guarantee No Leak
 - Low Odour & Non-Corrosive
 - Rigid High-Torque
 - Oxygen Sensor Safe

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RCGR/100	100gm	12pcs	144pcs

SL-341 1101
GRAY LIQUID GASKET MAKER

It is a semi-drying gray liquid gasket that uses rubber as the main ingredients. It is formulated to form a layer thick enough to work efficiently on uneven joint surfaces. It has a distinguishing ability to turn into rubber-like elastic substances with excellent resistance to heat, oil, gasoline and particularly lpg. Ideal for the purpose of making quality gaskets in garages, workshops, homes and do-it-yourself.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-SL341/32	32gm	12pcs	144pcs
F-SIL-SL341/100	100gm	-	60pcs
F-SIL-SL341/12/7	12x7ml	-	24pcs

METALLIC GREY RTV
100% HI-TEMP RTV GASKET MAKER

It is specially formulated one part silicone compound that cures to form a “formed-in-place” rubber seal for mechanical assemblies. It offers excellent toughness, heat resistant and able to sustain thermal cycling without shrinking or cracking.

- Features:
- Rigid High-Torque
 - Oxygen Sensor Safe
 - Low Odour & Non-Corrosive
 - Fast Cure and Guarantee No Leak
 - Improved Formula with Aluminium Powder

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RMGR/40	40gm	12pcs	144pcs
F-SIL-RMGR/100	100gm	12pcs	144pcs

650°F GREY RTV SILICONE
100% RTV GASKET MAKER

It is one-part component specially designed for oxy-sensor engines. It forms any size or shaped gasket which is resistant to both high temperatures and high pressures. Resists cracking, shrinkage and migration caused by thermal cycling. Withstands temperatures from -80 °F to + 650 °F (-62 °C to +343 °C) intermittent. Ideal for timing covers, valve covers, oil pans, intake manifolds, exhaust manifolds and water pumps. Dries securely as gasket.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RGR/32	32gm	12pcs	144pcs
F-SIL-RGR/85	85gm	12pcs	144pcs

650°F RED RTV SILICONE
100% RTV GASKET MAKER

It is developed for the hot running engines found in most domestic and foreign cars. It withstands temperatures from -80 °F to + 650 °F (-62 °C to +343 °C) intermittent. Pressure resistance: 5000psi. Makes any sized or shaped gasket immediately. Ideal for timing covers, valve covers, oil pans, intake manifolds, exhaust manifolds and water pumps.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RRD/32	32gm	12pcs	144pcs
F-SIL-RRD/85	85gm	12pcs	144pcs

625°F BLACK RTV SILICONE
100% RTV GASKET MAKER

It is developed for the hot running engines found in most domestic and foreign cars. High Temp Black 100% RTV Silicone withstands temperatures from -80 °F to + 625 °F (-62 °C to +329 °C) intermittent. Pressure resistance: 5000psi. Makes any sized or shaped gasket immediately. Ideal for timing covers, valve covers, oil pans, intake manifolds, exhaust manifolds and water pumps.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RBK/32	32gm	12pcs	144pcs
F-SIL-RBK/85	85gm	12pcs	144pcs

500°F BLUE RTV SILICONE
100% RTV GASKET MAKER

It is a high temperature resistance silicone for heavy-duty applications. This fast curing silicone makes perfect gasket that resist cracking, shrinkage and migration cause by thermal cycling. It remain flexible and stable from the temperature of -80°F to +500°F (-62 °C to +260 °C), Ideal for engine repairing and replacement for paper, rubber and asbestos gasket, such as valve covers, water pumps, thermostat housing, transmission pan etc.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RBL/85	85gm	12pcs	144pcs

625°F CLEAR RTV SILICONE
100% RTV GASKET MAKER

It is developed for the hot running engines found in most domestic and foreign cars. Clear 100% RTV Silicone withstands temperatures from -80 °F to + 625 °F (-62 °C to +329 °C) intermittent. Pressure resistance: 5000psi. Makes any sized or shaped gasket immediately. Ideal for timing covers, valve covers, oil pans, intake manifolds, exhaust manifolds and water pumps.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RCL/32	32gm	12pcs	144pcs
F-SIL-RCL/85	85gm	12pcs	144pcs

625°F WHITE RTV SILICONE
100% RTV GASKET MAKER

It is a high temperature resistance silicone for sensor safe and heavy-duty applications. This fast curing silicone makes perfect gasket that resist cracking, shrinkage and migration cause by thermal cycling, It remain flexible and stable from -80°F to 625°F (-62°C to 329°C), Ideal for engine repairing and replacement for paper, rubber and asbestos gasket.

Item Code:	Size:	Packaging Detail:	
		Inner Box	Outer Carton
F-SIL-RWH/32	32gm	12pcs	144pcs
F-SIL-RWH/85	85gm	12pcs	144pcs
